

PROPOSAL FOR INNOVATION OF THE DIES SYSTEM

IDO NATIONAL MEMBER ORGANIZATION	Czech Dance Organization
COUNTRY	CZECHIA
PROPOSAL	<p>We would welcome improvements to the DIES registration system. The possibility of bulk data exports and imports and the possibility of linking to the systems of individual member countries would be very useful.</p> <p>Also, more innovation in IDO license payments would be very useful, as in subsequent competitions it is necessary to manually sort dancers who have already paid for a license at the first competition.</p>
AUTHORISED PERSON OF THE IDO NATIONAL MEMBER ORGANIZATION (NAME AND SURNAME)	<p>Eva Vlková</p>
